Winter 2026

## SMALL-BATCHED. HANDMADE. INTENTIONAL.

Winter invites us to slow down. To seek warmth, comfort, and moments that feel grounding. At ButACake, that has always been the heart of what we do. What started as a passion outlet remains just that. We keep our process small by choice—handmade, small-batched, and thoughtfully crafted. The focus is on care, consistency, and integrity.

## WINTER 2026

### WINTER PAIRINGS

#### PBNJ BROWNIE

Enjoy during a slow evening—wrapped in a blanket, familiar music playing, nothing to rush.

#### CLASSIC BROWNIE

Let it warm slightly and pair with a latte as daylight fades and the house grows quiet.

#### SNICKERDOODLE COOKIE

Perfect for quiet afternoons when the sun is low and the day asks for very little.

#### SUGAR COOKIE

A simple treat alongside old photos, handwritten notes, or memories that feel close.

#### PEANUT BUTTER COOKIE

Chewy and sweet, enjoyed after a long walk in the cold when warmth settles back in.

#### OATMEAL RAISIN COOKIE

Best with a mug of tea, something simmering nearby, and time to be still.

#### CHOCOCHUNK COOKIE

Rich and balanced—shared or savored slowly as the evening comes in early.
